

Move Your File Storage Online with Orion and Egnyte

Egnyte is an on-demand file server offering secure online file storage, sharing and backup for business. The service eliminates the need to buy servers, VPN, Tape Backups, FTP and maintenance overhead. With UNLIMITED storage, plans start at \$45/month.

- ▶ Shared folders
- ▶ Desktop Access for Windows or Mac
- ▶ Easily handles large files
- ▶ Built-in disaster recovery
- ▶ Highly secure and private
- ▶ Powerful search capabilities
- ▶ 24/7 Support
- ▶ Unlimited Storage
- ▶ Simple to use

Your egnyte file system looks and works just like a drive on your network, making it as simple to use as "My Computer" in Windows.

Solve Your Firm's Server Problem with egnyte

Contact your service team at Orion today to learn more about egnyte online file storage and backup. Immediately begin creating a reliable network file system for your business.
